

The Transition Assistance Program (TAP) provides information and training to ensure Service members transitioning from active duty are prepared for their next step in life. It is designed to provide Service members with the resources, tools, services and skill-building training needed to meet Career Readiness Standards (CRS). Virtual Tap (VTAP) provides the live training components from the Fleet and Family Support Center, Department of Labor and the Small Business Administration.

To receive a Certificate of Completion for each session, members must be logged into the live classroom under their own LMS account and attend for the full length of the training. Some briefings are broken into multiple components, and you must attend all components of training to fulfill Career Readiness Standards. Please see the descriptions on the LMS when you register.

Married? Your spouse is transitioning too—going through uncertainties such as a possible move, financial adjustment and even a job search. Invite them to make a free account on the CNIC LMS and take [Navy Families in Transition](#) on the home page. This self-paced course is available 24/7 and has valuable information on all aspects of transitioning from Navy life from a spouse's perspective. Just go to [MyNavyFamily.com](#) on a non-NMCI device.
